

Congratulations Rushmore Physical Therapy - Recipient of 2017 Business Excellence Award

Burlington County Regional Chamber of Commerce recently honored several local businesses for their excellence of business practice. Rushmore Physical Therapy was the 2017 Recipient of Business Excellence Award for companies with less than 25 employees.

What makes Rushmore Physical Therapy stand out is their commitment to the community to provide quality physical therapy services for all who come to them. Having been in business for 25 years, Jim and Colleen and their wonderful staff put a personal touch to healthcare with compassion and fun, catering to individual needs.

From sprained ankles, to back and neck pain, to male and female pelvic floor dysfunction, Rushmore PT is there for you. “Not having the constraints of big corporate healthcare, we can provide the service and frequency we feel most effectively will help you achieve your goals.”

Outside of their work with patients, members of Rushmore PT can be seen volunteering with Delran Business Association, local church volunteer functions, pantry kitchen, nursing home visits and Toys 4 Tots.
